MATERIAL SAFETY DATA SHEET

Robarb Super Blue

4. First Aid Measures - Continued

<u>Eye</u>

In case of contact, hold eyelids apart and immediately flush eyes with plenty of water for at least 15 minutes.

<u>Skin</u>

Remove contaminated clothing and shoes. Rinse the affected area with tepid water for at least 15 minutes.

Ingestion

DO NOT INDUCE VOMITING. Drink large amounts of water or milk. Contact a physician or poison control. In cases where individual is semi-comatose, comatose, or convulsing, DO NOT GIVE FLUIDS BY MOUTH.

Inhalation

If inhaled, remove to fresh air.

Fire Fighting (Pictograms)

5. Fire Fighting Measures

Flash Point: >100 °C Flash Point Method: Closed Cup Flammability Class: NOT FLAMMABLE

Fire And Explosion Hazards

In a fire situation, may liberate oxides of nitrogen or carbon, and hydrogen chloride.

Extinguishing Media

Use the appropriate extinguishing media for the surrounding fire.

Fire Fighting Instructions

CAUTION Surfaces wet with this product are slippery. Keep containers cool by spraying with water if exposed to fire.

6. Accidental Release Measures

Clean up spill immediately. Contain and/or absorb spill with inert material (e.g. sand, vermiculite). Flush spill area with water. Use appropriate containers to avoid environmental contamination. CAUTION Surfaces wet with this product are slippery.

7. Handling And Storage

Handling And Storage Precautions

Keep out of reach of children. Store material in a cool and dry place. Wash thoroughly after handling.

Storage Precautions

Avoid contact with skin and clothing.

Work/Hygienic Practices

Wash thoroughly with soap and water after handling.

MATERIAL SAFETY DATA SHEET

Robarb Super Blue

7. Handling And Storage - Continued		
Protective Clothing (Pictograms)		
8. Exposure Controls/Personal Protection		
Engineering Controls Local exhaust acceptable. Special exhaust not required.		
Eye/Face Protection Safety glasses with side shields or goggles recommended.		
Skin Protection Chemical-resistant gloves.		
Respiratory Protection None normally required.		
9. Physical And Chemical Properties		
Appearance Clear Blue		
Odor Mild amine		
Chemical Type: Mixture Physical State: Liquid Melting Point: NOT APPLICABLE °F Boiling Point: 212 °F Specific Gravity: 1.0-1.1 Molecular Weight: Proprietary Percent Volitales: NEGLIGIBLE Packing Density: NOT DETERMINED Vapor Pressure: NOT DETERMINED Vapor Density: NOT DETERMINED pH Factor: 2-3 Solubility: Soluble in Water Viscosity: NOT DETERMINED Evaporation Rate: <1		
10. Stability And Reactivity		
Stability: Stable Hazardous Polymerization: will not occur		
Conditions To Avoid (Stability) Strong Oxidizers		
Incompatible Materials Avoid contact with strong oxidizers		
Hazardous Decomposition Products When heated toxic fumes such as Oxides of Carbon, Nitrogen and Hydrogen chloride may be present
